

Austin Model Railway Society
August 17, 2019, 9:00 AM – 4:00 PM
LifeWorks
835 N. Pleasant Valley Rd., Austin

This will be primarily a work session to correct any track and electrical problems. The conformance inspection committee will also be available to inspect equipment that has not yet been certified. There will be a short business meeting and an opportunity for free running of equipment.

If you cannot attend, please have someone else bring your modules to the meeting, or contact George so we can make other arrangements.
